The proposed project

Project title
ASCO Youth Skills, Financial Capability and Livelihood Pathways Pilot

Implementation period
Proposed 6–12 month pilot, with final schedule agreed after eligibility, baseline and permissions are confirmed.

Location
South Africa — exact community/site to be selected after ASCO confirms its operating footprint and Momentum's geographic preference; no specific ASCO location was verified.

Target beneficiaries
Proposed: 50 unemployed or economically vulnerable South African youth aged 16–25 from the selected community, with an inclusion target for young women; final numbers and eligibility should follow ASCO's baseline assessment and safeguarding review.

Proposed outputs and targets

The following are proposed planning targets, not completed results. Final targets should be agreed with the company after baseline assessment, budget confirmation and any required stakeholder permissions.

- Proposed: recruit and baseline-assess 50 youth aged 16–25 through documented community engagement.
- Proposed: deliver an accredited or formally quality-assured employability/technical skills course, subject to confirmation of the delivery partner and accreditation status.
- Proposed: provide financial-literacy and work-readiness sessions for all 50 participants.
- Proposed: provide psychosocial/self-development support and individual progression plans for all participants.
- Proposed: secure at least 25 verified employment, internship, enterprise or income-generating progression outcomes within 6 months of training completion; target only, not a verified result.
- Proposed: submit attendance, completion, demographic, referral, placement/income and safeguarding-monitoring reports, with participant consent and privacy controls.

Expected outcomes

- Improved community participation and practical public-benefit action in the selected location.
- Improved access to relevant learning, environmental, inclusion, humanitarian or youth-development support, depending on the project design.
- Documented implementation evidence, beneficiary participation and lessons for continuation or scale-up.
- Clear accountability through expenditure records, activity updates, monitoring information and a close-out report.

Why this matters

The proposed intervention responds to a community-development need through the sequence **community need → practical intervention → measurable result**. The final baseline will verify the

specific need, beneficiary profile, site conditions, permissions and appropriate indicators before implementation.

ASCO will avoid overstating the problem or claiming results in advance. Where waste, participation, learning, environmental condition, referrals or other outputs are measurable, ASCO will use simple evidence tools such as attendance registers, baseline/endline checks, activity logs, photographs with consent, beneficiary feedback and expenditure records.

> **Evidence discipline:** All numbers in this proposal are either company-reported context from official sources or clearly labelled ASCO planning targets. No completed result, partnership or funding commitment is claimed.

Why Momentum Metropolitan?

ASCO is approved to issue Section 18A receipts effective 9 October 2026. Receipts may be issued only for qualifying donations used solely for the approved Section 18A activities: human rights and democracy, and family stability.

Verified company context

- The Momentum Group Foundation is an independent non-profit company established to unify and enhance the group's CSI efforts, directing funds to non-profit organisations and institutions supporting community growth and youth empowerment.
- The foundation's stated CSI priorities include youth employment and skills development, consumer financial education, and employee volunteering; its broader sustainability framework includes financial inclusion, financial security and health, and the low-carbon economy.
- The official youth-empowerment criteria prioritise programmes that support the journey from recruitment to placement and career support; focus on youth aged 16–25; offer accredited programmes; demonstrate organisational sustainability; are registered non-profits in good standing; and use community engagement and research.
- The foundation describes its geographic focus as youth across the continent, with the official 2023/24 CSI report documenting South African examples including the Cape Flats, Gqeberha in the Eastern Cape, and Gert Sibande TVET College in Mpumalanga.
- The 2025 Integrated Report states that R41.6 million was invested through the Momentum Group Foundation in F2025 in youth employment and entrepreneurship programmes, consumer financial education and employee volunteerism; this is a group-wide reported figure, not a commitment to ASCO.
- The 2023/24 CSI report identifies ICT, vocational/artisan/services employment, and youth entrepreneurship as focus areas, and says the strategy includes life, vocational and entrepreneurial skills, work readiness, psychosocial support, and routes to employment or self-employment.

Company facts are drawn from official sources reviewed for this proposal. They describe public priorities or reported company activity; they are not promises of funding to ASCO.

Indicative project budget

The requested amount is allocated transparently across delivery and accountability categories. The budget is indicative and should be refined with the company after the implementation site, beneficiary profile, quotations and eligible-cost rules are confirmed.

Budget category	Indicative amount	Use
Direct programme implementation	R60,000	Core activities, local delivery inputs and community implementation for the proposed project.
Participant transport and access	R8,000	Reasonable access support to enable participation, subject to eligibility and records.
Safety equipment and participant welfare	R6,000	PPE, first aid, safeguarding, water/refreshments and safe participation requirements.
Educational and mobilisation materials	R8,000	Learning resources, community mobilisation and accessible communication.
Monitoring, evaluation and reporting	R7,000	Baseline, attendance, outcome tracking, documentation and close-out reporting.
Volunteer/project coordination	R7,000	Scheduling, volunteer support, stakeholder coordination and implementation management.
Reasonable administration	R4,000	Reasonable project administration directly attributable to delivery; no inflated overheads.
Total requested CSI investment	**R100,000**	**Equals the proposed request.**

Administration is limited to a reasonable project share. ASCO will not promise audited financial statements unless they are available; it will provide appropriate project expenditure records and supporting documentation.

Partnership options

Option A — Full project funding
Company funds the proposed project at R100,000, subject to approval and agreement.

Option B — Partial project funding
Company contributes a defined portion of the budget, with scope and outputs adjusted transparently.

Option C — Multi-phase partnership
Company supports a pilot followed by an agreed continuation or scale-up phase based on evidence.

In-kind or technical support
Where relevant, equipment, expertise, access or employee volunteering may complement cash support, subject to written agreement.

Accountability and reporting

ASCO will maintain appropriate records relating to funded activities and can provide, subject to agreed requirements:

- Project implementation updates
- Expenditure records and supporting documentation
- Attendance and participation information where appropriate and lawfully collected
- Photographs and activity evidence with appropriate consent
- Safeguarding and incident records where relevant
- Monitoring and outcome information
- Activity and close-out reports

ASCO will agree reporting frequency, eligible costs, procurement expectations, data protection, branding, acknowledgement and any site-access or technical requirements before implementation. Any use of company branding or recognition will be subject to written approval.

Initial contact route

Use Momentum Group’s official Corporate Social Investment contact listed on its contact page: Tshego Bokaba, csi@mmltd.co.za. No public application portal or formal unsolicited-proposal process was found in the reviewed official sources; email first to ask whether the R100,000 concept is eligible and what documentation/process applies. ASCO’s supplied contact is +27 76 757 5773 and https://www.africansolidaritycivic.org/.

ASCO welcomes an initial discussion to confirm whether the proposed project is within the company's current CSI/ESG remit, whether unsolicited proposals are accepted, what documents are required, and whether the full, partial or in-kind partnership option is most suitable.

Important conditions and open questions

- No official source reviewed states that Momentum will fund ASCO, guarantees grants, or provides a public open application form or deadline for unsolicited proposals.
- The published youth criteria require registered non-profits in good standing; ASCO should verify what evidence Momentum requires and provide its NPC documentation, governance records, budget, safeguarding controls, monitoring plan and proof of programme accreditation or delivery capacity.
- Section 18A receipts may be issued only for qualifying donations used solely for ASCO?s two approved Section 18A activities: human rights and democracy, and family stability. This proposal does not represent a completed donation or tax deduction.
- The official materials describe existing programmes and partners but do not establish any existing relationship with ASCO or any company commitment to the proposed R100,000 ask.
- The published criteria emphasise sustainable employment or income generation, so a general community activity without a credible youth skills, placement, entrepreneurship or income pathway may be a weak fit.
- A specific ASCO operating location, beneficiary baseline and completed impact results were not supplied or verified; these must be confirmed before submission.

These cautions are included to prevent overstatement. They should be resolved with the company before ASCO treats the proposal as eligible or finalises a submission budget.

Closing

ASCO believes meaningful social and environmental progress is achieved through collaboration between communities, civil society and responsible corporate partners. We invite **Momentum Metropolitan** to join us in delivering measurable public-benefit impact through a carefully scoped and accountable partnership.
