The proposed project

Project title
Youth Civic Skills and Community Action Hubs

Implementation period
Proposed 6–12 month pilot, with final schedule agreed after eligibility, baseline and permissions are confirmed.

Location
KwaZulu-Natal, South Africa (proposed; confirm an eligible community/site with Hollywood Foundation before submission)

Target beneficiaries
South African youth and surrounding underserved community members, with final age range, cohort size, and beneficiary profile to be confirmed through ASCO's approved public-benefit programme design and local needs assessment.

Proposed outputs and targets

The following are proposed planning targets, not completed results. Final targets should be agreed with the company after baseline assessment, budget confirmation and any required stakeholder permissions.

- Proposed: establish 1 pilot youth/community action hub in an eligible KwaZulu-Natal community.
- Proposed: enrol 60 youth participants in civic, leadership, teamwork, and community-development sessions over 12 months.
- Proposed: deliver 12 facilitated youth-development sessions and 4 community service/action activities.
- Proposed: train 10 youth peer leaders and provide basic programme materials and safeguarding orientation.
- Proposed: complete 4 community activities benefiting at least 200 residents, subject to baseline verification.
- Proposed: submit a close-out report with attendance, activities, safeguarding records, participant feedback, outputs, and expenditure evidence.

Expected outcomes

- Improved community participation and practical public-benefit action in the selected location.
- Improved access to relevant learning, environmental, inclusion, humanitarian or youth-development support, depending on the project design.
- Documented implementation evidence, beneficiary participation and lessons for continuation or scale-up.
- Clear accountability through expenditure records, activity updates, monitoring information and a close-out report.

Why this matters

The proposed intervention responds to a community-development need through the sequence **community need → practical intervention → measurable result**. The final baseline will verify the specific need, beneficiary profile, site conditions, permissions and appropriate indicators before implementation.

ASCO will avoid overstating the problem or claiming results in advance. Where waste, participation, learning, environmental condition, referrals or other outputs are measurable, ASCO will use simple evidence tools such as attendance registers, baseline/endline checks, activity logs, photographs with consent, beneficiary feedback and expenditure records.

> **Evidence discipline:** All numbers in this proposal are either company-reported context from official sources or clearly labelled ASCO planning targets. No completed result, partnership or funding commitment is claimed.

Why Hollywood Foundation?

ASCO is approved to issue Section 18A receipts effective 9 October 2026. Receipts may be issued only for qualifying donations used solely for the approved Section 18A activities: human rights and democracy, and family stability.

Verified company context

- The Foundation describes its work as Corporate Social Investment focused on making a difference in communities in South Africa.
- Its official applications page says Hollywoodbets established the Hollywood Foundation and links its broader work to B-BBEE, socioeconomic development, skills development, and assistance to previously marginalised communities.
- The official CSI programme publishes community-development and sports-development initiatives; its stated examples include grassroots youth sports and support to community organisations.
- An official case study records support to a Durban youth development organisation serving more than 65 young people through football; the support included soccer kits and equipment under the Foundation's My Sports pillar.
- An official case study records support to We Care Community Project in Mabedlana Reserve, Ulundi, including operational equipment for services to orphans, unemployed people, and older people.
- Published examples show activity in KwaZulu-Natal and other South African locations, while the official site does not state that support is restricted to one province.

Company facts are drawn from official sources reviewed for this proposal. They describe public priorities or reported company activity; they are not promises of funding to ASCO.

Initial contact route

Use the official Hollywood Foundation contact form at https://hollywoodfoundation.co.za/contact-us/ and ask for the current CSI application route, eligibility criteria, deadline, required documents, and whether a 75,000 proposal may be submitted. No dedicated current CSI application email or public form was verified on the reviewed official pages. ASCO may also provide its contact number (+27 76 757 5773) and website (https://www.africansolidaritycivic.org/) in the enquiry.

ASCO welcomes an initial discussion to confirm whether the proposed project is within the company's current CSI/ESG remit, whether unsolicited proposals are accepted, what documents are required, and whether the full, partial or in-kind partnership option is most suitable.

Important conditions and open questions

- Section 18A approved | Effective 9 October 2026
- The reviewed official pages do not confirm that the Foundation accepts unsolicited proposals, that a 75,000 request is within its funding range, or what documents and reporting standards are required.
- The site does not provide a verified current CSI eligibility checklist, application deadline, or dedicated CSI email/application URL; confirm these directly before submission.
- KwaZulu-Natal is recommended because official youth-development examples are in Durban/KZN, but ASCO's eligible operating site and the Foundation's geographic priorities must be confirmed.
- Do not claim completed ASCO results, existing partnerships, or any Hollywood Foundation commitment.
- The ask's currency and whether the amount is a grant, in-kind request, or total project budget should be confirmed with the Foundation.

These cautions are included to prevent overstatement. They should be resolved with the company before ASCO treats the proposal as eligible or finalises a submission budget.

Closing

ASCO believes meaningful social and environmental progress is achieved through collaboration between communities, civil society and responsible corporate partners. We invite **Hollywood Foundation** to join us in delivering measurable public-benefit impact through a carefully scoped and accountable partnership.
