CORPORATE CSI PARTNERSHIP PROPOSAL

Property Tawi × ASCO

Community Resilience Through Local Greening and Environmental Action

Requested CSI investment: R50,000

Proposed implementation area: A South African municipality or urban community to be selected with Property Tawi; no specific location is publicly designated by the company.

Prepared: October 2026

Confidential proposal for corporate CSI / ESG consideration. This document presents a proposed partnership and does not represent an award, endorsement, existing partnership or company commitment.

Executive summary

ASCO is seeking a strategic corporate CSI partnership with **Property Tawi** to support a measurable public-benefit initiative: **Community Resilience Through Local Greening and Environmental Action**. The proposed request is **R50,000**, to be applied to direct programme delivery, participation access, safety, learning materials, monitoring and accountable reporting.

ASCO is approved to issue Section 18A receipts effective 9 October 2026. Receipts may be issued only for qualifying donations used solely for the approved Section 18A activities: human rights and democracy, and family stability.

> **The proposal in one sentence:** Community Resilience Through Local Greening and Environmental Action in A South African municipality or urban community to be selected with Property Tawi; no specific location is publicly designated by the company., benefiting Residents of a selected underserved local community, with priority proposed for low-income households, youth and community volunteers, subject to a jointly agreed site and beneficiary profile. through a locally designed, monitored and reportable intervention aligned with Property Tawi's publicly documented priorities, subject to the company's confirmation of eligibility and application requirements.

What ASCO is requesting
R50,000 in CSI support, or a partial/in-kind contribution structured with the company.

What the funding would enable
Direct activities, participation access, safe delivery, community materials, monitoring and a close-out report.

About ASCO

ASCO is a community-focused civic organisation promoting social justice, community development, active citizenship, African unity, environmental sustainability, inclusion and sustainable public-benefit action. ASCO works through advocacy, education, grassroots initiatives, humanitarian and community-development activities, partnerships and practical interventions.

ASCO is governed by four Directors. The Board governs and Executive Management manages. ASCO maintains governance, donation, safeguarding, financial-management, data-protection, monitoring and reporting instruments for responsible partnership administration.

ASCO's primary contact for this proposal is:

The proposed project

Project title
Community Resilience Through Local Greening and Environmental Action

Implementation period
Proposed 6–12 month pilot, with final schedule agreed after eligibility, baseline and permissions are confirmed.

Location
A South African municipality or urban community to be selected with Property Tawi; no specific location is publicly designated by the company.

Target beneficiaries
Residents of a selected underserved local community, with priority proposed for low-income households, youth and community volunteers, subject to a jointly agreed site and beneficiary profile.

Proposed outputs and targets

The following are proposed planning targets, not completed results. Final targets should be agreed with the company after baseline assessment, budget confirmation and any required stakeholder permissions.

- Proposed target: 1 community environmental action pilot completed in one agreed municipality or neighbourhood.
- Proposed target: engage 50 local residents or volunteers in clean-up, greening and environmental-awareness activities.
- Proposed target: establish or restore 1 publicly useful green/community space, subject to landowner and municipal permissions.
- Proposed target: plant 100 locally appropriate trees or plants, subject to ecological and maintenance assessment.
- Proposed target: conduct 2 environmental education sessions and provide a simple baseline/endline activity report with attendance, outputs and photographic evidence.
- All quantities are proposed targets for discussion, not completed results or company-approved commitments.

Expected outcomes

- Improved community participation and practical public-benefit action in the selected location.
- Improved access to relevant learning, environmental, inclusion, humanitarian or youth-development support, depending on the project design.
- Documented implementation evidence, beneficiary participation and lessons for continuation or scale-up.
- Clear accountability through expenditure records, activity updates, monitoring information and a close-out report.

Why this matters

The proposed intervention responds to a community-development need through the sequence **community need → practical intervention → measurable result**. The final baseline will verify the

specific need, beneficiary profile, site conditions, permissions and appropriate indicators before implementation.

ASCO will avoid overstating the problem or claiming results in advance. Where waste, participation, learning, environmental condition, referrals or other outputs are measurable, ASCO will use simple evidence tools such as attendance registers, baseline/endline checks, activity logs, photographs with consent, beneficiary feedback and expenditure records.

> **Evidence discipline:** All numbers in this proposal are either company-reported context from official sources or clearly labelled ASCO planning targets. No completed result, partnership or funding commitment is claimed.

Why Property Tawi?

ASCO is approved to issue Section 18A receipts effective 9 October 2026. Receipts may be issued only for qualifying donations used solely for the approved Section 18A activities: human rights and democracy, and family stability.

Verified company context

- Property Tawi describes itself as a South African built-environment service-recovery investment institution focused on alternative funding and development solutions for local governments, municipalities and investors.
- Its stated model channels local and international capital to community-focused projects through public-private partnerships, with service recovery, infrastructure and urban development as core themes.
- The official PPP funding page says projects should meet social, environmental and economic objectives and support local community resilience through sustainable development practices.
- Property Tawi identifies environmental stewardship through green technology and energy-efficient practices as a sustainability priority.
- Its stated social-inclusion priorities include social and affordable housing and development in the education and health sectors.
- The official site does not publish a dedicated CSI grant policy, eligibility rules, funding limits, application deadline or annual/integrated report in the sources reviewed.

Company facts are drawn from official sources reviewed for this proposal. They describe public priorities or reported company activity; they are not promises of funding to ASCO.

Indicative project budget

The requested amount is allocated transparently across delivery and accountability categories. The budget is indicative and should be refined with the company after the implementation site, beneficiary profile, quotations and eligible-cost rules are confirmed.

Budget category	Indicative amount	Use
Direct programme implementation	R30,000	Core activities, local delivery inputs and community implementation for the proposed project.
Participant transport and access	R4,000	Reasonable access support to enable participation, subject to eligibility and records.
Safety equipment and participant welfare	R3,000	PPE, first aid, safeguarding, water/refreshments and safe participation requirements.
Educational and mobilisation materials	R4,000	Learning resources, community mobilisation and accessible communication.
Monitoring, evaluation and reporting	R3,500	Baseline, attendance, outcome tracking, documentation and close-out reporting.
Volunteer/project coordination	R3,500	Scheduling, volunteer support, stakeholder coordination and implementation management.
Reasonable administration	R2,000	Reasonable project administration directly attributable to delivery; no inflated overheads.
Total requested CSI investment	**R50,000**	**Equals the proposed request.**

Administration is limited to a reasonable project share. ASCO will not promise audited financial statements unless they are available; it will provide appropriate project expenditure records and supporting documentation.

Partnership options

Option A — Full project funding
Company funds the proposed project at R50,000, subject to approval and agreement.

Option B — Partial project funding
Company contributes a defined portion of the budget, with scope and outputs adjusted transparently.

Option C — Multi-phase partnership
Company supports a pilot followed by an agreed continuation or scale-up phase based on evidence.

In-kind or technical support
Where relevant, equipment, expertise, access or employee volunteering may complement cash support, subject to written agreement.

Accountability and reporting

ASCO will maintain appropriate records relating to funded activities and can provide, subject to agreed requirements:

- Project implementation updates
- Expenditure records and supporting documentation
- Attendance and participation information where appropriate and lawfully collected
- Photographs and activity evidence with appropriate consent
- Safeguarding and incident records where relevant
- Monitoring and outcome information
- Activity and close-out reports

ASCO will agree reporting frequency, eligible costs, procurement expectations, data protection, branding, acknowledgement and any site-access or technical requirements before implementation. Any use of company branding or recognition will be subject to written approval.

Initial contact route

Use Property Tawi's official contact route: info@propertytawi.org or 068 200 3864, and/or the contact form at https://propertytawi.org/contact-us/. Ask whether they accept community/CSI proposals, which municipality and project types are eligible, and what documents or compliance requirements apply.

ASCO welcomes an initial discussion to confirm whether the proposed project is within the company's current CSI/ESG remit, whether unsolicited proposals are accepted, what documents are required, and whether the full, partial or in-kind partnership option is most suitable.

Important conditions and open questions

- No official Property Tawi CSI/ESG grant call, eligibility criteria, geographic project list, budget preference or Section 18A requirement was found on the reviewed official pages.
- Property Tawi's pages refer broadly to South Africa and municipalities but do not identify a confirmed target municipality for this proposal; location must be agreed before submission.
- The proposed work must not be described as an existing partnership, previously completed result or company commitment.
- Section 18A approved | Effective 9 October 2026
- Property Tawi's official pages emphasize PPP, infrastructure and built-environment projects, so a standalone small grant may require confirmation that charitable community/environmental activity is within its mandate.
- The official site gives no published application form or grant portal; direct pre-qualification by the company is advisable.

These cautions are included to prevent overstatement. They should be resolved with the company before ASCO treats the proposal as eligible or finalises a submission budget.

Closing

ASCO believes meaningful social and environmental progress is achieved through collaboration between communities, civil society and responsible corporate partners. We invite **Property Tawi** to join us in delivering measurable public-benefit impact through a carefully scoped and accountable partnership.
